

Where's Wally?

Each class will be learning about different countries throughout the term.

Please ask your class team about what country they are learning about this week.

What are we learning?

Using the popular themed books, children to find out about where people live and the differences in people lives and cultures through using inferences of Where's Wally. This topic gives the children a chance to learn about the differences and similarities between lives.

They will find out about ways of life in different countries, how people, food and water are transported, what different countries are like, about the differences between rich and poor countries and about important people in the countries they are studying. Children will need to use their prior knowledge of destinations to guess where in the world he might be. Children will be able to write postcards, create their own adventures and 'Where's Wally'

Things you might like to do

- Play Where's Wally games such as hiding Wally around your house to find.
- Make your own Where's Wally picture.
- Learn about different cultures through craft activities e.g. making African necklaces.
- Count how many Wally's you can find in the stories
