## 2019-2020 Department for Education PE Sports Premium

The Department for Education requires that PE and Sports Premium must be used to fund additional and sustainable improvements to the provision of PE and sport for the benefit of primary age pupils in the 2019/20 year. This is with the intention of encouraging the development of healthy and active lifestyles.

At Palatine School, the sports premium is used in accordance with Department for Education requirements, to support engagement and achievement of all Primary aged pupils, following our inclusive ethos.

The principles underlying our use of this grant are that we want to:

1. Prioritise the physical ability of all pupils to engage with movement and physical activity in ways which ensure that they access opportunities which promote a healthy and active lifestyle, but which also support their access to education as a result of improved physical condition.
2. Ensure that the staff working with our children are as highly skilled in teaching sports and physical development as possible, supported by external expertise.
3. Provide the best PE equipment that we can, ensuring that we achieve our inclusive expectations of all pupils participating in high quality PE and Sport.
